SIR

LB 34-25—16

With reference to your letter No.L.4464/L.B.34-25-14 dated the 17th December 1925 requesting that a cheaper design for the construction of a vegetarian kitchen to the 3rd Class Travellers' Bungalow at Anavatti in the Sorab Taluk be got up, I have the -- honour to inform you that the type proposed by the President of the District Board is the one generally adopted at all Travellers' Bungalows and any smaller building will not suit the purpose for which it is intended. So, without in any way altering the proposed design the estimate has been reduced by omitting a few of the provisions considered unnecessary and substituting cheaper --- materials for costly ones as noted in the margin. The estimate as reduced -- amounts to Rs.900/--- which is not more than the figure suggested by you.

Burnt stone cill slabs, Mangalore tile ventilators and chunam border are omitted.
Country tile roofing is provided for Mangalore tiles
Mud plastering provided for chunam plastering.
Retaining provision for Cuddapah slab flooring for the bath room, the floor of all other portions provides for lime concrete flooring rubbed smooth.

2. The enclosures are herewith returned.

I have the honour to be,
Sir,
Your most obedient servant,

FOR CHIEF ENGINEER OF MYSORE.
